Profile

I am a passionate and driven Computer Engineering student at PVPIT, Bavdhan, Pune, with strong skills in full-stack web development and a solid foundation in Data Structures and Algorithms using Java. I have demonstrated leadership capabilities as the Vice-President of my department in the first year of engineering, showcasing strong organizational and team-building abilities. My technical expertise is complemented by hands-on experience in building websites and contributing to impactful projects, reflecting both my creativity and problem-solving mindset.

Education

Savitribai Phule University, Bachelor of engineering in Computer Science – PVPIT, 2023 – present
Bavdhan,pune
• GPA:8.23/10

Experience

Mamber, Call Of Code – PVPIT, Bavdhan 2024 – present
• Participated in multiple national and college-level hackathons.focused on web development.
• Worked on real-world projects with responsive UI, backend integration, and API handling, strengthening my problem-solving and communication skills.
• Secured 1st and 3rd place in web development events for building innovative full-stack applications under time constraints, showcasing strong teamwork and problem-solving skills.
• trong problem-solving skills with a focus on Data Structures and Algorithms.

Vice-President, 1st Year – PVPIT, Bavdhan 2023 – 2024
• Served as the Vice-President of the First-Year Computer Engineering Department, leading departmental activities and representing the student body.
• Coordinated events, managed communication between students and faculty, and contributed to building a strong, inclusive community.
• Demonstrated initiative, leadership, and organizational skills from the beginning of my academic journey.

Projects

Alumini Connect March 2025
Alumni Connect is a platform designed to bridge the gap between alumni and current students by facilitating mentorship, career guidance, and industry insights. It empowers students with real-world knowledge, networking opportunities, and support for internships, placements, and higher education decisions.
• There is one community section in which all seniors can provide all their information. Then video call feature develop for face to face guidance,Authentication, Email contact with Alumini etc
• Secured First Place in Spectra 2K25
• Tech Stack: React.js, Firebase Authentication, Node.js, Express.js, REST API etc

StreetPaws May 2025
Developed StreetPaws, a website aimed at helping stray and wild animals by providing essential support services.
• The platform allows users to locate nearby animal hospitals, donate to animal welfare, and connect rescued animals with pet houses
• Integrated AI assistant to guide users through available services and includes a dedicated news section for the latest updates on animal care and rescue efforts.
• Achieved Third Rank in CertifyO Foundation Certification
• Tech Stack: React.js, Firebase Authentication, Node.js, Express.js, REST APIs, OpenAI, Cloudflare, etc

Skills

Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS
Backend: Node.js, Express.js, API Integration
Database: MongoDB
Other Technologies: Git, GitHub, VS Code, Postman, Cloudflare, Firebase
DSA: Data Structure and Algorithm in JAVA

Extra-Curriculam Activity

Vice President, First Year Student Council – Played a key role in organizing academic and cultural events, enhancing student engagement, and serving as a bridge between students and faculty.

Participated in sports events during Technothon, showcasing team spirit, discipline, and active involvement in inter-collegiate competitions.
